

4/27 League Committee Meeting

Attending: Andrea Rosas, Stephen Thies, Erica Kepski, Andrew McRae, Chelsea Baldemor, Alison Yoho, Lance Iliev, Derek Lay, Colin Whitman, Tahlia Hodes, Christi Betz, Jackson Dolan, Grant Boyd

Review of New Ranking System in WL

- Missing results for rankings on 90% of players, so we may not have complete data.
- Goal was to review how teams would have been ranked based on player rankings vs how they ended up doing in BYOT league
- **Jackson** to review rankings from Hat league to see how those teams netted out and report back at next meeting
- Plan to have players review self-ranking form when they sign up for memberships each year.
- System will keep results from past years and players can update or resubmit as needed.
- Need to make sure there are instructions for players to update at other times of year, if needed.

Summer League Options

- Most likely will not be able to play SL in person this year, so coming up with alternative SL options.
- Will keep more traditional options in place for regular SL season, pushed back season, or shortened season IF we end up being allowed to play AND can find field space.
- Option to have captains draft virtual teams and create weekly challenges for teams to earn points.
- All challenges will be able to be done at home
- Ideally make sure teams have an even gender ratio
- **Christi** to start discussions with **Chelsea, Colin, Drea** and **Buster** to brainstorm additional ideas.

- Review of price increases needed for future turf leagues (league fee increases would be required based on WL costs)
- WL 2020 had to take a hit due to increased field costs from previous year
- Need to share WL financial loss with community to help everyone better understand price increases when they do come up.
- Potential to have beach leagues recover costs from turf leagues?
 - concerns with overcharging beach players for that league to help subsidize turf leagues

General Notes

- Request to have quick recap at beginning of each meeting to share any news/information that the board has been discussing.

- **Thies, Jackson, Grant** and **Buster** to run mock draft for a Core+Draft league
